

Building Programs that are Ready for Evaluation

June 26 & June 27, 2007

We are all committed to providing programs and services that meet the needs of the youth and families we serve. But how do we know if our efforts make a difference? This training will provide tools to design effective teen pregnancy prevention programs and evaluate their impact.

MOAPPP is pleased to bring two nationally recognized trainers to Minnesota to lead us in these two days of training.

Mary Martha Wilson, MA
Healthy Teen Network

Lori A. Rolleri, MSW, MPH
ETR Associates

Participants will learn how to:

- ◆ Develop a Behaviors-Determinant-Intervention (BDI) logic model
- ◆ Build an evaluation plan using the BDI logic model
- ◆ Design surveys to capture data based on objective statements
- ◆ Use and create reports for stakeholders and funders

Organizations are encouraged to send a team of two or more to the training for maximum benefit.
